## What's New?

### Induction Ceremony 2004

Matina Broumas  
Office Admin / Certificates

On Friday, November 5, 2004, the annual Golden Key Induction Ceremony took place at Convocation Hall at the St. George campus. This event is our opportunity to formally recognize and congratulate, along with friends and family, each and every one of our over 1000 new members. As members and guests entered the auditorium and found their seats, they were greeted by the beautiful and stately music of an organ expertly played by our very own Laura Manzer, one of the Services Co-ordinators at UTM.

The national anthem followed, and then, throwing the tradition of saving the best for last out the window, the keynote address, delivered by none other than Nobel laureate Dr. John Polanyi. He proceeded to give a memorable speech, full of the insight, wit, and inspiration for which he is known. Dr. Polanyi urged everyone to care deeply (to be committed to something), to care broadly (to be well-rounded) and to be carefree (to not be stressed).

A speech by a Nobel laureate is no small act to follow, but our subsequent speakers did not fail to impress with their own inspirational speeches, which all further addressed the theme of caring and service. Lorraine Kambulow, Golden Key Canadian Student Representative, spoke of the importance of getting involved. James Wengle, affiliated with the Hospital for Sick Children, spoke of Golden Keys to Healthy Living; a study that we at Golden Key are proud to be a part of which will involve mentoring teenagers and promoting healthy living habits. Conchita Tam spoke of Golden Key's longstanding commitment to the Prime Mentors of Canada mentoring program, which pairs mentors with outstanding elementary school students within the

GTA. Robert McMillan, our Golden Key Advisor and Professor of Economics gave a charming speech in which he spoke of gratitude for the invaluable support of friends and family.

After our three scholarship recipients were announced and congratulated, the recognition of our new inductees began in which each member was announced and welcomed into Golden Key University of Toronto Chapter. A reception followed at the Bahen Centre where members were able to enjoy cake and refreshments, pick up their certificates, find out more about upcoming Golden Key events, and mingle with other guests and executives.

To all the new inductees of 2004, the Executive congratulates you on your impressive achievement and thanks you for deciding to be a part of Golden Key. We hope you will take part in some aspect whether it is one of our many service activities, social activities or academic activities. This is your society, as much as it is ours, so get out there and get involved and make the most out of your membership!
